

MRO Engineers

“Your Trusted Partner in all your Maintenance, Repair and Operations needs”

We are the Leading Solution provider for MRO Range of Products & services for Plant Operations to Optimize the Overall Operation & maintenance Costs through our Tailor-made solutions inline with customer requirements.

We are providing following Products & Services:

- Specialty Lubricants & Maintenance Aerosols
- Welding Electrodes & Its accessories
- Mechanical & electrical consumables
- Hydraulic & Pneumatic solutions
- High-Quality Refrigerant Gases , an ideal solution for air conditioning and refrigeration systems.
- Other Maintenance Tools & accessories.

We Deal with:

- Lubricants- Specialty Lubricants, Automatic Lubricators, Specialty Greases, Food Grade Lubricants (NSF H1 Certified)
- Maintenance Consumables – Rust Removal Products, Lubricating Spray, Electrical Contact Cleaners, Zinc Sprays, and PU Foam.
- Material Processing – Sandpaper, Abrasive discs, Grinding and cutting Wheels, Drill bits, Tap sets.
- Fasteners – ISO /DIN standard, Anchor Fasteners -Mechanical & Chemical.
- Tools – Spanners, Socket Wrenches, Pliers, VDE Tools, Tool Trolleys & Boxes, Crimping Tools.
- Pneumatic Tools – Impact Wrenches, Orbital sanders, Belt Sanders, Die Grinder, Drilling Machine.
- Equipment – Electrical Brake Bleeding, Two Post Lift, Ac Recovery Machine, Vacuum Cleaners & Jet Pressure Machines.
- Safety – Bump Cap, Paint Coverall, Goggles, Safety Shoes & Cotton Gloves.
- Pneumatics & Hydraulics and Accessories Welding Electrodes & accessories.
- Bearings-Ball Bearings, Roller Bearings, Special Bearings & Accessories.

GREASES

1- General Purpose Lithium Greases

- SUPERLITH AP3
- SUPERLITH EP2
- SUPER G EP2

Available in all NLGI grades

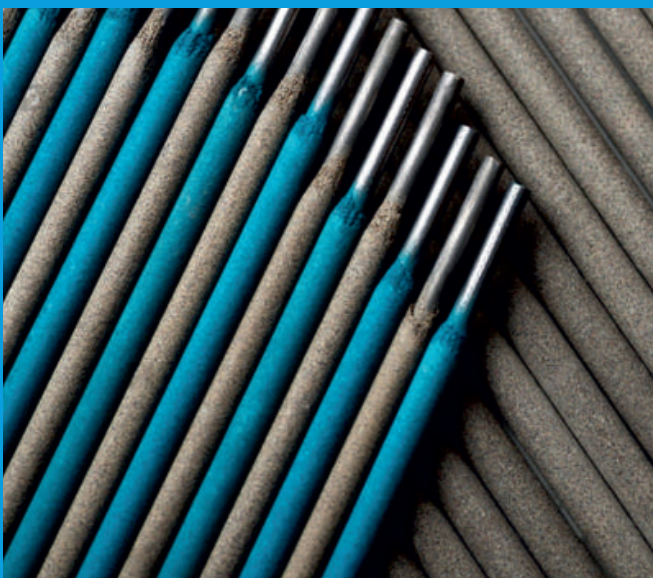

2- Special Purpose Greases

- Mineral and Synthetic
- Full range of thickeners - lithium, lithium complex, calcium sulfonate complex, polyurea, bentone, PFPE-PTFE.
- Graphite, Moly and Teflon greases
- Full range of applications - water resistant, high temperature, high load, high speed, long life.
- Available in all NLGI grades
- Wire rope and open gear greases
- Antiseize compounds

MRO AEROSOL SPRAYS

- Multi use rust penetrator
- Anti spatter sprays -F and NF
- DPT sprays
- Zinc spray- ultra bright and econo.
- Moisture removal contact cleaner
- Residueless contact cleaner
- Plastic industry sprays - mold release(silicone and non-silicone), mold protection and mold cleaner.
- Full range

WELDING ELECTRODES

- **Conventional welding electrodes-** 6013, 7018, stainless steel, cast iron and hardfacing
- **Maintenance welding electrodes** - MS repairs, Mn Repairs, Dissimilar steel repairs, Cast iron repairs, High temperature repairs, Hardfacing.
- **First time in India**
 - "Defect Free" Welding even on contaminated Steel and Cast Iron's.
 - Multi position tubular hardfacing - No red hotness

Multi - Use Silicone Bearing Grease

"Ring Spinning Machine"

FEATURES

- Ideally suited to high speed & extreme high as well as low temperature applications.
- Outstanding water resistance - excellent lubrication in wet & humid applications.
- Low torque - long life lubrication.
- Chemically inert.
- Operating temperature range: -40°C to +200°C.

TYPICAL SPECIFICATIONS

Appearance.....	Light beige
Thickener.....	Lithium 12 Hydroxy Stearate
Base oil type & ISO viscosity.....	Silicone fluid 250 - 300 cSt
NLGI Grade.....	2
Worked penetration ASTM D 217	265 -295
Drop point ASTM D 2265	210°C
Four ball weld Load (Kgs) IP 239.....	160 Kgs

APPLICATIONS

- High speed textile machinery bearings (Schlafhorst ring spinning & roving arbour bearings...), "O" ring & oil seal lubrication.
- Water & chemical resistant lubrication.
- Steam joints, submersible pump bearings, water turbines, class ' H ' insulation electric motors, washing & dyeing machines, washing & bottling Line conveyors...
